

Are you a caregiver for someone living with Alzheimer's Disease or Other Dementia?

We want to hear from you!

Researchers at the University of Alabama are developing a technology that will help families affected by dementia learn more about local services in their community and help connect them to the information they need.

We are conducting a statewide survey of Alabama caregivers to learn more about how caregivers find support, learn about dementia, and use technology. To be eligible to participate, you must (1) live in Alabama, and (2) be an unpaid caregiver (family or friend) of someone living with dementia in the community.

Interested in participating?

- Take our survey, by clicking on the link below or scan the QR code:
https://universityofalabama.az1.qualtrics.com/jfe/form/SV_bKjVbbeVEXFv7ue
- The survey will take about 10-15 minutes to complete.
- Those who participate will receive a \$15 gift card for their time.
